Arlington Business Men Enthusiastic About New Movement.

The business men of Arlington Heights have taken action leading to the formation of a new business mens organization.

Sensing the fact that Arlington Heights is on the verge of a great building era and that the town will undergo a rapid growth during the coming years the business interests feel that the time has come when a real live business mens organization should be organized for the benefit of the community as well as for the benefit of the business men themselves.

A preliminary meeting was held at the village hall last Thursday night at which George Schaefer was elected temporary chairman and Wilbert Hartmann temporary secretary.

Mr. Schaefer called upon various persons for their opinion as to the formation of a business mens organization and all were enthusiastic about the idea.

Mayor D. D. Plentie spoke encouragingly and enthusiastically about the part such an organization could and would play in the development of Arlington Heights. Walter Krause and others were strong for the new organization and so decided the sentiment in favor of the idea that such an organization should be perfected, an organization meeting was called for Thursday night of this week at which time the report of a committee on by-laws will be heard and a permanent organization will be perfected and an election of permanent officers will be held.

There are many important things which an organization of this kind can accomplish for a community.

They can advertise their town to non-residents as well as advertise their several businesses more thoroughly to the people of their own community.

They can become a power for good in the community by lending their support and cooperation to worthy and worth while enterprises and at the same time they can help to help other enterprises which would be a detriment to the community. Such an organization can bring the business men of Arlington Heights into a closer relationship, with a better understanding of each other and each other's problems to the mutual benefit of all.

Efforts are being made to have every business in Arlington Heights represented at the meeting Thursday night.

## Schaumburg Pioneer Passes Away

Fred Volkering, 83 years old, pioneer Schaumburg township farmer, died at his farm home Monday morning at 10:15 following an extended illness.

Born in Schaumburg, Lippe, Germany on Sept. 6, 1853, he came to this country with his parents when 8 years old, settling on the farm where he had since resided and where he died. He was married to Sophie Heine on Feb. 21, 1878. She died 23 years ago. He had served as justice of the peace in Schaumburg township for 16 years. He was a member of the Hanover Evangelical church.

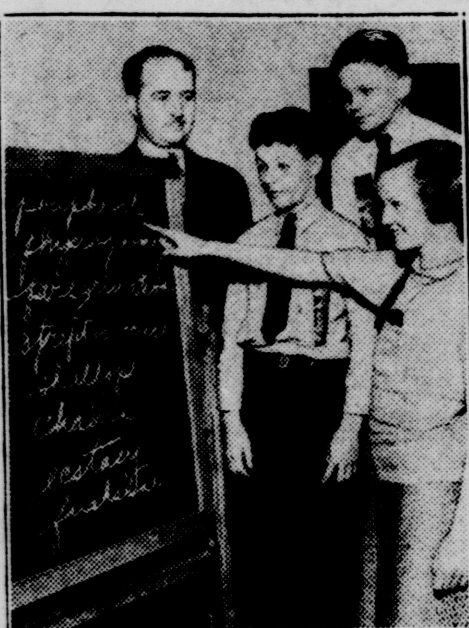

Surviving him are two sons, Henry Volkering of Hanover township and William Volkering residing at home; one daughter, Mrs. August Hecht of Hanover township, and one brother, William Volkering of Bellevue, Kan., and seven grandchildren. Besides his wife he was preceded in death by two children.

Funeral services were held Thursday afternoon at 1:30 (D. S. T.) at the home and 2 at the Hanover Evangelical church with the Rev. J. H. Ellbraek officiating. Burial was in the church cemetery.

## May 5th Is Vehicle Tax Deadline

The Arlington Heights police department has set Wednesday, May 5, as the absolute deadline for local vehicle tags to be purchased by autoists. The police have been very lenient with stragglers, but there must come an end to patience some time and evidently the end is here for the police have definitely announced that after May 5, all auto owners who appear on the streets without their state and local vehicle licenses will be promptly arrested and what is more no "fix" can be put in, the autoist will have to appear before a judge and take his medicine.

The police boys have been good natured and lenient so far, but the "hard boiled" days have come at last so if you've been taking advantage of their good nature so far, just be informed that those good natured days are over and if you haven't got that 1937 vehicle tag, you had better get it right now.

## Bartlett Boys Win Spelling Championship

Two boys from the Bartlett public school walked off with the first and second places in the Cook County Spelling Championship held Saturday in the County building.

The best spellers in Cook county were Kenneth LaRue and John Sandaker, who won first and second places in the County Championship. Both youngsters are 13 years old and are classmates in the Bartlett school. Third place went to Marion Mabee of Tinley Park, also 13 years old.

The winning spellers outspelled 84 contestants, the champions and runners up in the township contests which were held a few weeks ago. One of the unusual features of this year's contest was the fact that two boys walked off with the leading honors. Usually it's the girls that grab off the top of the honors in a spelling contest.

But this year the lads from Bartlett proved superior in their command of the intricate tongue twisters propounded in the contest.

County superintendent of schools Noble J. Puffer, presented banners to the winners and it was a proud day for Bartlett and the teacher of that school, Mrs. Elvina Brandt, when the first and second banners were presented to the winners to hang proudly in the little Bartlett school.

Some of the difficult and confusing words which were used in the championship contest were as follows:

Assuage, troubadour, repertoire, amphibian, deficit, buccaneer, connoisseur, shallop, lethargy, buoyant, ensemble, galaxy, sylvan, truculent, fiscal, burgher, discernible, frothy, peripatetic, ballet, hypothetical, cohorts, exorcist, chalice, fuchsia, paraphernalia, psychiatrist, technique, lucidity, bailiff, boudoir, judiciary, convalescence, reminiscence, streptococcus, scullion, sequestered.

Is it any wonder that the youngsters had a tough time in mastering some of those twisters? They would baffle a whole lot of older people and a great deal of credit is due to the champion spellers of Cook county, who did so well in the 1937 championship.

The Bartlett school is in Division One of which assistant superintendent G. C. Butler is in charge. Mr. Butler is very proud of the showing made by the Bartlett boys and highly complimented the youngsters and their teacher, Mrs. Brandt.

## Henry C. Schroeder Is Dead

Former Village Official Yields To Long Illness.

Henry C. Schroeder, former Palatine Village trustee and chairman of the police committee and known during his early days as a public official as "the boy alderman" died at his home in Palatine Thursday evening, April 22.

Mr. Schroeder had always lived in Palatine, being educated in the Palatine schools. He was an employee of the Illinois Bell Telephone Co. for 28 years and was always one of the most popular men of the town.

His friendly manner and willingness to do his best to help others in any way he could, made him a host of friends. Mr. Schroeder had not been in good health for some time and since early in the year had been confined to his home. His warm greeting and cheerful manner will be missed in Palatine.

## New Building Activity At Scarsdale

New Life Instilled In Model Subdivision of Arlington; 5 Homes Near Completion;

The dream Scarsdale of predepression days is blossoming out into a reality of 1937. This, the second of the model subdivisions of Arlington Heights is taking on a new appearance and the lawns, shrubs and vacant lots of that area are undergoing a spring cleaning and a sprucing up never before known. Its residents have become optimistic as to the future growth of that subdivision. Several hundred dollars have been raised by interested property owners to clean up the entire subdivision and keep it that way the coming summer.

It is a rather long story as to how this came about but the immediate cause of all the excitement and activity in that part of town, is the erection of many new homes. W. C. Tackett has five homes nearing completion, one of which is to be a model home. Excavations have been made for three other homes.

Two of the new homes that will be ready for occupancy are on South Pine and face State road; the model home is on the corner of Belmont and Park. Home No. 4 is two doors south of the model home and the fifth house on the way, is on the same street.

Strom, Storey & Reitzel, of Oak Park are erecting a home at 437 Branbury Road and the Hedstrom Construction Co. is erecting a home for Arthur Mundy of Arlington Heights at 632 Burton Place. The three new homes to be erected by the Tackett organization are on Purton Place.

With the clearing of the past due special assessment entanglements, the relic of depression days, from the Stonegate subdivision the way was cleared for the proper development of that property.

W. C. Tackett, who was one of the prime movers in the original opening of Scarsdale and fathered the movement to "clear" the property, announced building plans several months ago. Present property owners at once got in touch with Mr. Tackett to learn the class of homes that would be erected. Mr. Tackett assured them that he intended to keep faith with the original purchasers and erect homes that would be a credit to the subdivision.

He agreed to cooperate with the Scarsdale Improvement association in landscaping plans that would include the entire tract. The houses now under construction are proof of the sincerity of purpose on the part of Tackett. The model home will be ready for inspection in four weeks. Structural glass brick has been employed in part of its construction. All of the Tackett houses are celotex vapor sealed, are Sunbeamed air conditioned, metal lathed; have two fire places; knotty pine recreation room construction. Ceilings are insulated with 4 inch rock wool, plumbing fixtures are Kohler and all lighting fixtures are Victor Perlman or Lightolier; floors are double construction, deadened with felt, all electric wiring is in rigid construction, not BX. Roof shingles are laid over 15 lb. felt, all kitchens are equipped with ventilating fans, some of the homes will be heated by gas; all lawns will be completely landscaped.

The total cost of each of these homes will be from \$11,500 to \$12,500. With this substantial growth of Scarsdale in progress Arlington Heights is building a foundation for a greater Arlington that is sure to carry this community into the front rank of Northwest Suburban towns.

Sponsored by the American Legion Auxiliary of Merle Guild Post No. 208, the affair, held annually, has proven successful in past years, and is expected to prove exceptionally popular this year.

## Busy Day For Track Men At Arlington

As a sort of a reward for their stellar work in the Palatine relays last Saturday, Coach Grose is taking a group to the Urbana Relays at Urbana high school this Friday. The meet is to be held at night on their lighted field. All the strongest squads from the middle and north end of the state will be there and the Cardinals will be able to see most of the top notch stars in action.

Six Arlington boys are slated to go. Bob Richards, John Allen, Bud Mills, John Rohling, Vance Folkman and Geo. Reznar make up the sextet. They will make up a medley relay of a 440, a 220, an 880 and a mile.

From the same group of six will come a half mile relay quartet which is capable of stepping the distance in pretty low figures. Richards is entered in the high hurdles and Allen in the hundred.

The complete list of events to be run off at the carnival are as follows: 120 yard high hurdles, 880 yard run, high jump, shot, discus, javelin, pole vault, 100 yard dash, shuttle hurdle relay, distance medley relay, quarter mile relay, half mile relay, freshmen half mile relay and a mile relay. For class B schools of less than 300 enrollment there will also be a shuttle hurdle relay, a distance medley relay, and a half mile relay.

The two high lights of the Palatine meet for most Arlington fans were the manner in which Mills won the mile, and Reznar came through to win his heat of the 880, although only taking third in the final recapitulation. Of course this was aside from Richards' performances in the hurdles and broad jump, and as anchor on the half mile relay team.

The Cardinals capitalized on their work in distance running when they placed one man in the mile, two in the half, two in the 440, and a separate four boys in the distance medley composed of Goerger, Smith, Hull and Heilmann. They only missed the track record for this event by one tenth of a second.

Much credit must go to Coach McElroy of Palatine for sponsoring the relays. He has been interested enough in them to build them up from just a few schools competing, to the place that all of the smaller schools of Northern Illinois attend.

A meet of this type entails a lot of work both before and at the time of the meet. All the schools are indeed grateful to "Mac" for the fine job he has done. It has reached the place that recognition of it has been given by downstate newspapers. Also the state office of the Illinois high school athletic association is heartily in favor of it.

Arlington's Frosh-Sophs are busy this week. The full team competed against Maine Monday. On Saturday morning the cream (if any) of the junior Cardinals are entered in a Frosh-Soph invitational meet at Evanston high school. Evanston, Highland Park, Libertyville, Maine, Bensenville and Arlington are entered. Whether there are others is not known.

Friday afternoon those not entered at Evanston Saturday morning will compete against a similar group from Libertyville on the Arlington field at 3:30 o'clock. They plan on showing Libertyville the handicaps under which the Arlington trackless squad works.

## New Time Card A Brain Saver

The Chicago and North Western railway have introduced an innovation this year with the advent of daylight saving time that is greatly appreciated by the patrons of the road.

The new pocket size time cards of the suburban schedule are printed showing the schedule in Chicago daylight saving time. This is the first year that this has been done and the suburban patrons are greatly pleased with the new system which saves the person waiting to take a train the trouble of making a lot of additions and subtractions from the time shown on the time card. All patrons are unanimous in their approval of the new system and hope that it will be continued in future years.

MRS. SOPHIA POHLMAN Mother of 13 Children and 57 Grandchildren

## Mrs. Sophia Pohlman Celebrates 80th Birthday

Mrs. Sophia Pohlman was the recipient of many warm birthday greetings last Saturday when some 100 relatives, including 13 children and their families, gathered at the Pohlman home at 10 E. Miner street, Arlington Heights, to congratulate her on her 80th birthday. A regular family dinner was served at 6 o'clock in the evening.

Mrs. Pohlman, wife of the late William Pohlman, has been a resident of Wheeling township for the past 50 years, living in Arlington Heights the past two years. She was born in Germany and came to America when she was eight years of age.

Her 80th year finds her in good health, cheerful and with a sympathetic and generous interest toward the world as she finds it today. She will tell you that she is enjoying life. And why not with 13 children, 57 grandchildren and 15 great grandchildren? To prove that she has the modern spirit, she got into an airplane two years ago and flew to Detroit to visit her daughter. She agrees that it was a fine ride, but altogether too fast to really enjoy the scenery.

Children and their families present Saturday were: Louis Pohlman, Elk Grove township, Herman, Wheeling township, John, Mt. Prospect, Madison, Wis., Mrs. Chas. Traub, Des Plaines, Mrs. Clarence Mahrie, Dearborn, Mich., Fred Kuhlman, Palatine, Mrs. Herman Tesch, Arlington Heights, Conrad, Chicago, Mrs. Henry Meyer, Chicago, Mrs. Walter Krause, Arlington Heights, William, Mt. Prospect, Frank Kreft, a son-in-law, Arlington Heights.

Two sisters, Mrs. Henry Williams, 76, and Mrs. James Davis 72, both of Huntley and Mrs. Marie Niebuhr, a sister-in-law, of Chicago, were also in attendance.

Others present were: grandchildren, Miss Esther Heuer, Arlington Heights, Mr. and Mrs. Roy Florey, Arlington Heights, Mr. and Mrs. Herbert Hamner, Arlington Heights, Mr. and Mrs. Wm. Flesch, Chicago, Mrs. Robt. Mahrie, Manchester, Mich.; nieces, Mrs. Maggie Lau, Marengo, Mrs. Roy Meyer, Chicago.

## Police Have Accident Map

The Arlington Heights police department are keeping an accurate tab on all accidents within the Village. Over at police headquarters they have a map of the Village and at every point on the map where an accident has taken place, a colored pin specifies the kind of an accident that it was.

There is a red pin that points out the location of the fatal accident of early Sunday morning. A yellow pin points to a spot where a personal injury was sustained and five green pins point out the locations of five accidents where property damage was sustained.

An alphabetical file of all accidents is also kept, so that the officials can look up any accident on a moment's notice.

The police propose to keep this system in operation so that they will have complete information before them at all times on the various accidents that take place within the Village.

## Young People Plan Play

The young people of the West Northfield Lutheran church are working on a play to be given on May 14-15.

The title of the play is "Take My Advice," a royalty play.

The group which is sponsoring the play are very enthusiastic and are already making an energetic drive that will insure the success of the undertaking.

## New Board To Organize Monday

The newly elected Arlington Heights Village board will hold their inaugural meeting Monday night.

On that evening the "peoples choice" some from one party and some from another, will convene for their organization meeting, to work together in the years ahead for the benefit of this entire community.

We haven't heard of any plans for any extensive inaugural ceremonies, but there will probably be a goodly sized audience present to see how the boys hit it off in their initial meeting.

President Flentie is expected to make his committee appointments on Monday evening and the board will organize for the serious business ahead.

## Local Woodmen Dance Saturday, May 1st; Expect Good Crowd

The local Arlington Heights Camp No. 522, Woodmen of the World extend an invitation to attend their May Party and Dance to be held at the Arlington Ballroom on next Saturday night, May 1.

An even more enjoyable and successful event is being anticipated by the many local and city friends of this new unit of that organization, than was had at their last dance, which is still a pleasant memory to those who attended the January frolic.

An all-star augmented orchestra of six pieces provided by Walter Landeck of local popularity, will again furnish the rhythm and entertainment, aided by several special features.

The refreshments on that evening will be enjoyed at the Arlington Ballroom in a splendidly new atmosphere of elaborate improvements in the hall, for the first time at a privately given function.

In fact, Mr. Louis Shayne, Prop., is himself particularly elated with the prospects of the representative gathering expected for the occasion, as he is anxious to better acquaint the most desirable local and other patronage, with the fact that these improvements are the result of his and his partners' high class and character of both the management of the hall as well as that of the patronage which he solicits and caters to.

Admission for the Woodmen dance on Saturday is 35c with wardrobe free and tickets may be had from local members and officers.

The public is cordially invited and assured a most enjoyable and fraternal evening.

## Legion To Hold Youth Parade and Convention

Commander George A. Rohde of the Ninth District of the American Legion Department of Illinois, announces the Second Annual Youth Convention and Parade. It will be held on Sunday, May 16, at Humboldt Park. Once again you will be able to review the splendid work being done by the 27 Posts and the 23 Auxiliary Units of the District, in their fostering and sponsoring of the various groups of children in their respective communities. This is the Americanism work of the entire district, to encourage good citizenship and the building of good character of our future men and women who will carry the burden of making this our country, the best place on earth to live.

All arrangements are now being rapidly completed by the committee composed of Auxiliary members and Legionnaires of the many Posts, under the leadership of Junior Vice Commander Lloyd Cunningham of the district. Many distinguished persons have been invited for that day including the Past Department Commander, Paul G. Armstrong.

The parade will be formed at the east end of Palmer Square at 1:00 p.m. and move out promptly at 2:00 p.m., proceeding south in Humboldt boulevard to Humboldt Park. The youth of the northwest portion of Cook county will be on parade represented by groups of the various grade and high schools, Boy and Girl Scout troops, Junior Auxiliary units and Squads of the American Legion. They will pass as musical and marching organizations and be judged according to their respective classes for Trophy awards, which are beautiful silver cups.

Last year the turn out was remarkable for the first year between four to five thousand children participating. According to the advance information this number will be greatly exceeded this year and every preparation is being made to properly handle the enormous crowd expected.

This activity is entirely supported by individuals of the entire district and the reports to date are most gratifying. We of the district are confident that you will not hesitate to encourage them by giving them the applause they deserve, by being present, and that you will show by your conduct as they pass that their love and respect for Old Glory is something that you share and are proud to acknowledge with them.

## Children or Dogs Which Shall It Be?

The attention of the editor has been called to the fact that there are some dogs still at large about Arlington Heights. A number of children have been bitten the past ten days. Their wounds were cauterized as a matter of caution. Reports have it that the head of an animal recently killed and sent to the laboratories, showed rabies.

If these reports are true, there is no reason why the police or private citizens should not form a vigilante committee and kill all dogs at large.

Is Arlington Heights to wait until some child dies from the effect of a bite?

Children or dogs, which shall it be?

## Killed As Cars Crash

Miss Elenor Matl, 19 years old of 6844 S. Oakley avenue, Chicago, was killed in an automobile crash early Sunday morning on the Northwest highway in the eastern part of Arlington Heights.

Miss Matl was in a car driven by Bruno Davia, 24 years old, 6134 Kennedy avenue and was accompanied by Edwin Welles, 22 years old of 6243 S. Kilbourne avenue whom she was engaged to marry. The young people are reported to have attended a party at a Lake Zurich road house and were on their way home about 2 a.m. when their car crashed into the car driven by Reese Martin, 18 years old of Barrington, who was accompanied by Albert Pahlke, 19 years old also of Barrington. Miss Matl died in the Palatine hospital. The boys who were banged up and injured were taken to the Palatine Community hospital for treatment.

Both drivers accused the other of crowding the center of the highway, but from disinterested persons it was learned that the Barrington car had just passed another car and was on the wrong side of the road when the crash occurred.

The inquest which was called for Monday, was continued until May 4, to allow the Barrington boys, who are in the Palatine hospital, to recuperate from their injuries enough to attend the inquest.

## Season Opens At New Park

Athletic activities at the new park are going on in full blast these days.

The ball diamond is used for the high school games on week days when home games are scheduled and the Arlington Red Wings have the use of the diamond on Sunday. Evenings have been allotted to the soft ball league.

The tennis nets are up and the tennis fans are sure to keep the courts busy as soon as a little favorable weather comes along.

Work on the swimming pool is under way and foundations are being poured for the field house.

The swimming pool will be in operation in July according to Engineer Arthur W. Consoer.

Nearly 100 workmen are on the job principally local men. Work on the swimming pool and field house will be pushed as rapidly as possible.

None of the organizations using the park will be allowed any concession privileges.

If the park board decides that soft drinks, ice cream, etc., should be sold on the grounds they will advertise for bids on such a concession and use the revenue therefrom toward the expense of upkeep of the park.

The new park promises to be a busy place this summer.

## Sterling Ice Cream Shop Opens Saturday With Special Offer

The Sterling Ice Cream Shop will open Saturday for summer business at their former location Davis street, east of Gieseke's store. The same quality and service which made the shop popular last year are again promised. The opening day special will be a free ice cream cone with every pint of ice cream purchased.

## Plan Pre-School Round-Up

The annual round up for the examination of pre-school children will be held in Arlington Heights during May.

The exact dates for the examinations for the various schools will be announced later. All mothers are urged to bring the children who will start school next fall to these clinics for examination.

In this way any defects in sight, teeth, etc., can be discovered and corrected before the youngsters start their school work.

The following ladies are in charge of the round up plans for the several schools: Mrs. Fitzpatrick, Catholic. Mrs. Knaack, Lutheran. Mrs. Ford, public school.

## Busse Stops Construction Of Poor Roads

County Board Returns to Concrete Construction

County Commissioner Busse has been waging an almost one man fight in the county board to prevent a repetition of the Palatine road mistake, which highway was constructed last year of materials that did not stand up under the winter weather conditions of northern Illinois.

Mr. Busse has cautioned the county board and highway department a number of times over the danger of such construction and it was through his representations that the manner of the construction has been changed upon a number of the roads that were to be similarly improved this year. Among these was Foundry road which will be ultimately paved. The manner of construction of Gross Point road has been changed to cement and the contract has been let.

Mr. Busse, several weeks ago, made a survey trip in the southwestern part of Cook county to learn for himself the condition of other roads constructed last year similar to Palatine road. He found his worst fears realized and when the county highway department removed Sanders road from the plans scheduled for this year for similar construction, he was more than pleased.

The county board has had the excuse that the U. S. government desired that roads be constructed with as much labor as possible, but after the representations of Mr. Busse the eyes of the members of that board, as well as the highway department, should be opened.

After the publication of the story of Palatine road that appeared in this paper last week, this office has been deluged with complaints regarding Kirchhoff road, especially its intersection with Plum Grove road. The charge has been made that road men have been playing cards in place of working upon the roads.

Residents upon that road, when they desired to go to Palatine, had to detour east to Route 53.

## Car Crashes Into Truck; Catches Fire

Last Friday night at about 11:30 p.m. a car driven by Ernest Solheim, 323 Des Plaines avenue, Forest Park, crashed into a parked truck on Northwest Highway just west of Central road.

The truck, driven by Joel Jackson of Whitehall, Wis., and headed east on Northwest Highway, broke a rear axle necessitating parking on the highway. The driver set flares for a considerable distance behind the truck and left to report the breakdown. Just as he was returning

## Schaumburg Pioneer Passes Away

Fred Volkening, 83 years old, pioneer Schaumburg township farmer, died at his farm home Monday morning at 10:15 following an extended illness.

Born in Schaumburg, Lippe, Germany on Sept. 6, 1853, he came to this country with his parents when 8 years old, settling on the farm where he had since resided and where he died. He was married to Sophie Heinke on Feb. 21, 1878. She died 23 years ago. He had served as justice of the peace in Schaumburg township for 16 years.

He was a member of the Hanover Evangelical church. Surviving him are two sons, Henry Volkening of Hanover township and William Volkening residing at home; one daughter, Mrs. August Hecht of Hanover township, and one brother, William Volkening of Bellevue, Kan., and seven grandchildren. Besides his wife he was preceded in death by two children.

Funeral services were held Thursday afternoon at 1:30 (D. S. T.) at the home and 2 at the Hanover Evangelical church with the Rev. J. H. Ellebrake officiating. Burial was in the church cemetery.

## May 5th Is Vehicle Tax Deadline

The Arlington Heights police department has set Wednesday, May 5, as the absolute deadline for local vehicle tags to be purchased by autoists. The police have been very lenient with stragglers, but there must come an end to patience and some time and eventually the end is here for the police have definitely announced that after May 5, all auto owners who appear on the streets without their state and local vehicle licenses will be promptly arrested and what is more no "fix" can be put in, the autoist will have to appear before a judge and take his medicine.

The police boys have been good natured and lenient so far, but the "hard boiled" days have come at last so if you've been taking advantage of their good nature so far, just be informed that those good natured days are over and if you haven't got that 1937 vehicle tag, you had better get it right now.

## Bartlett Boys Win Spelling Championship

Two boys from the Bartlett public school walked off with the first and second places in the Cook County Spelling Championship held Saturday in the County building.

The best spellers in Cook county were Kenneth Larue and John Sandaker, who won first and second places in the County Championship. Both youngsters are 12 years old and are classmates in the Bartlett school. Third place went to Marion Mabe of Tinley Park, also 12 years old.

The winning spellers outspelled 84 contestants, the champions and runners up in the township contests which were held a few weeks ago. One of the unusual features of this year's contest was the fact that two boys walked off with the leading honors. Usually it's the girls that grab most of the honors in a spelling contest.

But this year the lads from Bartlett proved superior in their command of the intricate tongue twisters propounded in the contest.

County superintendent of schools Noble J. Puffer, presented banners to the winners and it was a proud day for Bartlett and the teacher of that school, Mrs. Elvina Brandt, when the first and second banners were presented to the winners to hang proudly in the little Bartlett school.

Some of the difficult and confusing words which were used in the championship contest were as follows:

Assuage, troubadour, repertoire, amphibian, deficit, buccaneer, connoisseur, shallow, lethargy, buoyant, ensemble, galaxy, sylvan, truculent, fiscal, burgher, discernible, frothy, peripatetic, ballet, hypothetical, cohorts, exorcist, chalice, fuchsia, paraphernalia, psychiatrist, technique, lucidity, bailiff, boudoir, judiciary, convalescence, reminiscence, streptococcus, scullion, sequestered.

Is it any wonder that the youngsters had a tough time in mastering some of those twisters? They would baffle a whole lot of older people and a great deal of credit is due to the champion spellers of Cook county, who did so well in the 1937 championship.

The Bartlett school is in Division One of which assistant superintendent G. C. Butler is in charge. Mr. Butler is very proud of the showing made by the Bartlett boys and highly complimented the youngsters and their teacher, Mrs. Brandt.

## Henry C. Schroeder Is Dead

Former Village Official Yields To Long Illness.

Henry C. Schroeder, former Palatine Village trustee and chairman of the police committee and known during his early days as a public official as "the boy alderman" died at his home in Palatine Thursday evening, April 22.

Mr. Schroeder had always lived in Palatine, being educated in the Palatine schools. He was an employee of the Illinois Bell Telephone Co. for 28 years and was always one of the most popular men of the town.

His friendly manner and willingness to do his best to help others in any way he could, made him a host of friends.

Mr. Schroeder had not been in good health for some time and since early in the year had been confined to his home. His warm greeting and cheerful manner will be missed in Palatine.

## New Building Activity At Scarsdale

New Life Instilled In Model Subdivision of Arlington; 5 Homes Near Completion;

The dream Scarsdale of predepression days is blossoming out into a reality of 1937. This, the second of the model subdivisions of Arlington Heights is taking on a new appearance and the lawns, shrubs and vacant lots of that area are undergoing a spring cleaning and a sprucing up never before known. Its residents have become optimistic as to the future growth of that subdivision. Several hundred dollars have been raised by interested property owners to clean up the entire subdivision and keep it that way the coming summer.

It is a rather long story as to how this came about but the immediate cause of all the excitement and activity in that part of town, is the erection of many new homes. W. C. Tackett has five homes nearing completion, one of which is to be a model home. Excavations have been made for three other homes.

Two of the new homes that will be ready for occupancy are on South Pine and face State road; the model home is on the corner of Belmont and Park. Home No. 4 is two doors south and the fifth house the construction of which is well on the way, is on the same street.

Strom, Storey & Reizel, of Oak Park are erecting a home at 437 Branberry Road and the Hedstrom Construction Co. is erecting a home at 632 Burton Place. The three new homes to be erected by the Tackett organization are on Burton Place.

With the clearing of the past due special assessment entanglements, the relic of depression days, from the Stonegate subdivision the way was cleared for the proper development of that property.

W. C. Tackett, who was one of the prime movers in the original opening of Scarsdale and fathered the movement to "clear" the property, announced building plans several months ago. Present property owners at once got in touch with Mr. Tackett to learn the class of homes that would be erected. Mr. Tackett assured them that he intended to keep faith with the original purchasers and erect homes that would be a credit to the subdivision. He agreed to cooperate with the Scarsdale Improvement association in landscaping plans that would include the entire tract.

The houses now under construction are proof of the sincerity of purpose on the part of Tackett. The model home will be ready for inspection in four weeks. Structural glass brick has been employed in part of its construction. All of the Tackett houses are celotex vapor sealed, are Unbeamed air conditioned, metal lathed; have two fire places; knotty pine recreation room construction. Ceilings are insulated with 4 inch rock wool, plumbing fixtures are Kohler and all lighting fixtures are Victor Perlmans or Lightolier; floors are double construction, deadened with felt, all electric wiring is in rigid construction, not BX; roof shingles are laid over 15 lb. felt, all kitchens are equipped with ventilating fans, some of the homes will be heated by gas; all lawns will be completely landscaped.

The total cost of each of these houses will be from \$11,500 to \$12,500.

With this substantial growth of Scarsdale in progress Arlington Heights is building a foundation for a greater Arlington that is sure to carry this community into the front rank of Northwest Suburban towns.

## Busy Day For Track Men At Arlington

As a sort of a reward for their stellar work in the Palatine relays last Saturday, Coach Grose is taking a group to the Urbana Relays at Urbana high school this Friday. The meet is to be held at night on their lighted field. All the strongest squads from the middle and north end of the state will be there and the Cardinals will be able to see most of the top notch stars in action.

Six Arlington boys are slated to go. Bob Richards, John Allen, Bud Mills, John Rohling, Vance Folkman and Geo. Reznar make up the sextet. They will make up a medley relay of a 440, a 220, an 880 and a mile. From the same group of six will come a half mile relay quartet which is capable of stepping the distance in pretty low figures. Richards is entered in the high hurdles and Allen in the hundred.

The complete list of events to be run off at the carnival are as follows: 120 yard high hurdles, 880 yard run, high jump, shot, discus, javelin, pole vault, 100 yard dash, shuttle hurdle relay, distance medley relay, quarter mile relay, half mile relay, freshmen half mile relay and a mile relay. For class B schools of less than 300 enrollment there will also be a shuttle hurdle relay, a distance medley relay, and a half mile relay.

The two high lights of the Palatine meet for most Arlington fans were the manner in which Mills won the mile, and Reznar came through to win his heat of the 880, although only taking third in the final recapitulation. Of course this was aside from Richard's performances in the hurdles and broad jump, and as anchor on the half mile relay team.

The Cardinals capitalized on their work in distance running when they placed one man in the mile, two in the half, two in the 440, and a separate four boys in the distance medley composed of Goerger, Smith, Hull and Heimann. They only missed the track record for this event by one tenth of a second.

Much credit must go to Coach McElroy of Palatine for sponsoring the relays. He has been interested enough in them to build them up from just a few schools competing, to the place that all of the smaller schools of Northern Illinois attend.

A meet of this type entails a lot of work both before and at the time of the meet. All the schools are indeed grateful to "Mac" for the fine job he has done. It has reached the place that recognition of it has been given by downstate newspapers. Also the state office of the Illinois high school athletic association is heartily in favor of it.

Arlington's Frosh-Sops are busy this week. The full team competed against Maine Monday. On Saturday morning the cream (if any) of the junior Cardinals are entered in a Frosh-Sop invitational meet at Evanston high school. Evanston, Highland Park, Libertyville, Maine, Bensenville and Arlington are entered. Whether there are others is not known.

Friday afternoon those not entered at Evanston Saturday morning will compete against a similar group from Libertyville on the Arlington field at 3:30 o'clock. They plan on showing Libertyville the handicaps under which the Arlington trackless squad works.

## New Time Card A Brain Saver

The Chicago and North Western railway have introduced an innovation this year with the advent of daylight saving time that is greatly appreciated by the patrons of the road.

The new pocket size time cards of the suburban schedule are printed showing the schedule in Chicago daylight saving time. This is the first year that this has been done and the suburban patrons are greatly pleased with the new system which saves the person wanting to take a train the trouble of making a lot of additions and subtractions from the time shown on the time card. All patrons are unanimous in their approval of the new system and hope that it will be continued in future years.

MRS. SOPHIA POHLMAN  
Mother of 13 Children and  
57 Grandchildren

## Mrs. Sophia Pohlman Celebrates 80th Birthday

Mrs. Sophia Pohlman was the recipient of many warm birthday greetings last Saturday when some 190 relatives, including 13 children and their families, gathered at the Pohlman home at 10 E. Miner street, Arlington Heights, to congratulate her on her 80th birthday. A regular family dinner was served at 6 o'clock in the evening.

An even more enjoyable and successful event is being anticipated by the many local and city friends of this new unit of that organization, than was had at their last dance, which is still a pleasant memory to those who attended the January frolic.

An all-star augmented orchestra of six pieces provided by Walter Landeck of local popularity, will again furnish the rhythm and entertainment, aided by several special features.

The refreshments on that evening will be enjoyed at the Arlington Ballroom in a splendidly new affected atmosphere of elaborate improvements in the hall, for the first time at a privately given function.

In fact, Mr. Louis Shayne, Prop., is himself particularly elated with the prospects of the representative gathering expected for the occasion, as he is anxious to better acquaint the most desirable local and other patronage, with the fact that these improvements are the result of, and in keeping with, the high class and character of both the management of the hall as well as that of the patronage which he solicits and caters to.

Admission for the Woodmen dance on Saturday is 35c with wardrobe free and tickets may be had from local members and officers.

The public is cordially invited and assured a most enjoyable and fraternal evening.

## Legion To Hold Youth Parade And Convention

Commander George A. Rohde of the Ninth District of the American Legion Department of Illinois, announces the Second Annual Youth Convention and Parade. It will be held on Sunday, May 16, at Humboldt Park. Once again they will be able to review the splendid work being done by the 27 Posts and the 23 Auxiliary Units of the District in the fostering and sponsoring of the various groups of children in their respective communities. This is the Americanism work of the entire district, to encourage good citizenship and the building of good leadership of our future men and women who will carry the burden of making this our country, the best place on earth to live.

All arrangements are now being rapidly completed by the committee composed of Auxiliary members and Legionnaires of the many Posts, under the leadership of Junior Vice Commander Lloyd Cunningham of the district. Many distinguished persons have been invited for that day including the Past Department Commander, Paul G. Armstrong.

The Parade will be formed at the east end of Palmer Square at 1:00 p. m. and move out promptly at 2:00 p. m., proceeding south in Humboldt boulevard to Humboldt Park. The youth of the northwest-ern portion of Cook county will be on parade represented by groups of the various grade and high schools, Boy and Girl Scout troops, Junior Auxiliary units and Squads of the American Legion. They will pass as musical and marching organizations and be judged according to their respective classes for Trophy awards, which are beautiful silver cups.

Last year the turn out was remarkable for the first year with children participating. According to the advance information this number will be greatly exceeded this year and every preparation is being made to properly handle the enormous crowd expected.

This activity is entirely supported by individuals of the entire district and the reports to date are most gratifying. We of the district are confident that you will not hesitate to encourage them by giving them the applause they deserve, by being present, and that you will show by your conduct as they pass that their love and respect for Old Glory is something that you share and are proud to acknowledge with them.

The young people of the West Northfield Lutheran church are working on a play to be given on May 14-15.

The title of the play is "Take My Advice," a royalty play.

The group which is sponsoring the play are very enthusiastic and are already making an energetic drive that will insure the success of the undertaking.

## New Board To Organize Monday

The newly elected Arlington Heights Village board will hold their inaugural meeting Monday night.

On that evening the "peoples choice" some from one party and some from another, will convene for their organization meeting, to work together in the years ahead for the benefit of this entire community.

We haven't heard of any plans for any extensive inaugural ceremonies, but there will probably be a goodly sized audience present to see how the boys hit it off in their initial meeting.

President Flentie is expected to make his committee appointments on Monday evening and the board will organize for the serious business ahead.

## Local Woodmen Dance Saturday, May 1st; Expect Good Crowd

The local Arlington Heights Camp No. 522, Woodmen of the World extend an invitation to attend their May Party and Dance to be held at the Arlington Ballroom on next Saturday night, May 1.

An even more enjoyable and successful event is being anticipated by the many local and city friends of this new unit of that organization, than was had at their last dance, which is still a pleasant memory to those who attended the January frolic.

## Children or Dogs Which Shall It Be?

The attention of the editor has been called to the fact that there are some dogs still at large about Arlington Heights. A number of children have been bitten the past few days. Their wounds were cauterized as a matter of caution. Reports have it that the head of an animal recently killed and sent to the laboratories, showed rabies.

If these reports are true, there is no reason why the police or private citizens should not form a vigilante committee and kill all dogs at large.

Is Arlington Heights to wait until some child dies from the effect of a bite?

Children or dogs, which shall it be?

## Killed As Cars Crash

Miss Elenor Matl, 19 years old of 6844 S. Oakley avenue, Chicago, was killed in an automobile crash early Sunday morning on the Northwest highway in the eastern part of Arlington Heights.

Miss Matl was in a car driven by Bruno Davia, 24 years old, 6134 Kenneth avenue and was accompanied by Edwin Welles, 22 years old of 6243 S. Kilbourne avenue when she was engaged to marry. The young people are reported to have attended a party at a Lake Zurich road house and were on their way home about 2 a. m. when their car crashed into the car driven by Reese Martin, 18 years old of Barrington, who was accompanied by Albert Pahlke, 19 years old also of Barrington. Miss Matl died in the Palatine hospital. The boys who were banged up and injured were taken to the Palatine Community hospital for treatment.

Both drivers accused the other of crowding the center of the highway, but from disinterested persons it was learned that the Barrington car had just passed another car and was on the wrong side of the road when the crash occurred.

The inquest which was called for Monday, was continued until May 4, to allow the Barrington boys, who are in the Palatine hospital, to recuperate from their injuries enough to attend the inquest.

## Season Opens At New Park

Athletic activities at the new park are going on in full blast these days.

The ball diamond is used for the high school games on week days when home games are scheduled and the Arlington Red Wings have the use of the diamond on Sunday. Evenings have been allotted to the soft ball league.

The tennis nets are up and the tennis fans are sure to keep the courts busy as soon as a little favorable weather comes along.

Work on the swimming pool is under way and foundations are being poured for the field house.

The swimming pool will be in operation in July according to Engineer Arthur W. Consoer.

Nearly 100 workmen are on the job principally local men. Work on the swimming pool and field house will be pushed as rapidly as possible.

None of the organizations using the park will be allowed any concession privileges.

If the park board decides that soft drinks, ice cream, etc., should be sold on the grounds they will advertise for bids on such a concession and use the revenue therefrom toward the expense of upkeep of the park.

The new park promises to be a busy place this summer.

## Sterling Ice Cream Shop Opens Saturday With Special Offer

The Sterling Ice Cream Shop will open Saturday for summer business at their former location Davis street, east of Giescke's store. The same quality and service which made the shop popular last year are again promised. The opening day special will be a free ice cream cone with every pint of ice cream purchased.

## Plan Pre-School Round-Up

The annual round up for the examination of pre-school children will be held in Arlington Heights during May.

The exact dates for the examinations for the various schools will be announced later. All mothers are urged to bring the children who will start school next fall to these clinics for examination.

In this way any defects in sight teeth, etc., can be discovered and corrected before the youngsters start their school work.

The following ladies are in charge of the round up plans for the several schools: Mrs. Fitzpatrick, Catholic. Mrs. Knack, Lutheran. Mrs. Ford, public school.

## Busse Stops Construction Of Poor Roads

County Board Returns to Concrete Construction

County Commissioner Busse has been waging an almost one man fight in the county board to prevent a repetition of the Palatine road mistake, which highway was constructed last year of materials that did not stand up under the winter weather conditions of northern Illinois.

Mr. Busse has cautioned the county board and highway department a number of times over the danger of such construction and it was through his representations that the manner of the construction has been changed upon a number of the roads that were to be similarly improved this year. Among these was Foundry road which will be ultimately paved. The manner of construction of Gross Point road has been changed to cement and the contract has been let.

Mr. Busse, several weeks ago, made a survey trip in the southwestern part of Cook county to learn for himself the condition of other roads constructed last year similar to Palatine road. He found his worse fears were realized and when the county highway department removed Sanders road from the plans scheduled for this year for similar construction, he was more than pleased.

The county board has had the excuse that the U. S. government desired that roads be constructed with as much labor as possible, but after the representations of Mr. Busse the eyes of the members of that board, as well as the highway department, should be opened.

After the publication of the story of Palatine road that appeared in this paper last week, this office has been deluged with complaints regarding Kirchhoff road, especially its intersection with Plum Grove road. The charge has been made that road men have been playing cards in place of working upon the roads.

Residents upon that road, when they desired to go to Palatine, had to detour east to Route 53.

## Car Crashes Into Truck; Catch's Fire

Last Friday night at about 11:30 p. m. a car driven by Ernest Solheim, 223 Des Plaines avenue, Forest Park, crashed into a parked truck on Northwest Highway just west of Central road.

The truck, driven by Joel Jackson of Whitehall, Wis., and headed east on Northwest Highway, broke a rear axle necessitating parking on the highway. The driver set flares for a considerable distance behind the truck and left to report the breakdown. Just as he was returning, the car driven by Solheim struck the rear end of the truck, completely demolishing the passenger car. Solheim received head and body injuries and a slight fracture of the skull.

Following the impact the Solheim car came to rest over one of the flares, set out by the truck driver, causing the car to catch fire and the fire department was called out to extinguish the blaze. In the meantime, however, the truck driver and a passer-by had extricated the injured man and rushed him to the Mt. Prospect General hospital where he is recovering from the effects of the accident.

The opening and closing ceremonies were conducted by Troop 23 of Mt. Prospect under the direction of Russell Smith, Scoutmaster, with the Scout Cub Drum and Bugle Corps of Troop 23 and Pack 223 taking a prominent part in the ceremonies.

Following the presentation of awards with Chairman Chas. L. Walp presiding, moving pictures were shown of the last world Jamboree held in Hungary in 1934 and also pictures of the city of Washington by Field Scout Commissioner E. J. Anderson.

### Life On a Dude Ranch

Mrs. E. A. Harrison of Craig, Colorado, who is spending a few weeks in Arlington Heights visiting her sisters, Mrs. John Kumler and Mrs. Harold Wensley and her mother, Mrs. Wilson, has many interesting experiences to tell of their life on a "Dude Ranch" in the heart of the Rocky Mountains. Their ranch is located in northwestern Colorado, 305 miles from Denver and is the last "American Frontier," the country where the West remains as it used to be. They have two private lakes on their ranch, well stocked with fish and their own fish hatchery. Their ranch has a group of log cabins and a large central ranch house and a barn which is used for a recreation room, which contains a pool table, ping pong table, books, and games of all sorts. Swimming and all the active sports are enjoyed also.

Mrs. Harrison says it is surprising how soon the youngest and most inexperienced boys learn to ride like a real cow-puncher and they experience great heartaches when they have to leave their mounts to go home at the end of the summer. They take their boys on at least two horseback trips each week and three pack trips during the summer of three to six days duration, where they ride trails never before ridden by white men, sleep in the open, fish where a mess of trout is caught easily. The boys do their own cooking while on their trips. At night around the camp fire, western tales are told and the boys go to sleep in sleeping bags, in the open, where the stars look so big and close, and the pines form a black wall. In the morning they must help wrangle the horses, help cook the bacon and eggs and pack up the camp and push on into the forest. It makes one wish to be a boy again.

John Kumler, Mrs. Harrison's nephew spent last summer as their guest on the ranch and hopes to, again this summer.

Mrs. Harrison, who was born and educated in Illinois, is enjoying to the fullest her vacation here, renewing old friendships, yet she is entirely captivated by the western life and says "East is East, but the West is Wonderful."

### Junior League Benefit

Warson's Beauty Shop donated hair waves to all the models which were individually styled and very effective.

Miss Margaret Rubner from Rubner's drug store, donated an electric clock which was given at 5c a chance. Red Harris was the lucky winner.

The following merchants donated floor prizes: Arlington Theater, Hartman's shoe store, Evergreen Sweet Shop, Rubner's Drug Store, Mors Bakery, Rodewald's News Depot, Framberg's, Sieburg Drug Store, Arlington Bake Shop, Dreyer's Electric, Highway Food Shop, Evergreen Gift Shop, Wilke's Jewelry.

Soft Ball League  
Holds Meeting**

At a meeting of managers and sponsors of the Softball Association held Monday night plans for the coming season were almost completed. A schedule for six teams was drawn. Opening night was set at May 17. It was reported that the Park Board has granted permission for use of the softball diamond in the new parks, so all league games will be played there this year.

Last year's rule was continued whereby each player will pay an entry fee of twenty-five cents. The sponsor's fee was reduced slightly. Fifteen players was set as the maximum number for each team. With a few items of business not yet settled, the Softball Association hopes to complete its arrangements in time for a final announcement next week.

This show is composed of performers from the original barn dance cast and will be far different from the WLS home talent impersonations with the sponsorship of the Farm Bureau capacity crowds are looked for at each performance.

**Boys Make Merry As  
Krause's Add Another  
Scalp To Their Belt**

After Krause Market defeated the Maple Maulers by a total of 27 pins, the Vail Tavern team challenged the Krause Market (Jake Krause, Manager) to a match game Monday evening. Being afraid of too much class, Vail Tavern added a ringer, "Jock" Meyer to their team. Jock tried hard, but ordinarily it's hard for one man to beat 5. Little Joe Brodman, seeing the hand writing on the wall, decided to go to Chicago and book a baseball game for May 9 for the Red Wings.

The game was not very interesting to watch from the sideline, as the Krause Market defeated the Vail Tavern team by 294 pins, which made the refreshments more enjoyable for Jake's team. We are quite sure that Joe booked a better team for the Red Wings' opener than his bowling teammates, and we hope to see you all out there that Sunday.

Rox Holte, due to a bad boil on his famous bowling hand, had a hard time getting started against Krause's Market, but promises to really show his true style against his opponents on opening day of the Red Wing season. Rox is one of the best semi-pro catchers in this territory. Joe Brodman, captain of the Red Wings, was sadly missed in the Vail Tavern bowling lineup, but now that baseball season is here, his services are needed in putting the Red Wings up in front, where they really belong.

Good old "Bud" Peters, second ranking bowler of the town, is the new manager of the Red wings, taking over this season. We hope that Bud's luck holds out throughout the coming baseball season. Arlington Heights should be put on the baseball map.

### Evangelical Women In National Convention

St. Paul's Society of St. Paul's church, Palatine, will be represented at the National Convention of Evangelical women at St. Louis next month.

Mrs. Bertha Lang, delegate, Helen Kraft, Lydia Born and Mrs. John C. Voeks, president of the Northern Illinois district as visitors will represent the society of St. Paul's church at the convention on May 18 to 21.

Two thousand women from 36 of the 48 states of the union are expected to attend. The program includes speakers of national and denominational renown, among them being Mrs. Kenneth D. Miller of Detroit, a supervisor of Migrant Work in the Gulf-to-the-Lakes area, Dr. Harriet S. Cory, who has for many years been connected with Child Welfare work in St. Louis, Mrs. A. F. Meyer, a missionary of Khariar, India, Mrs. Vincent Sucher, who is engaged in missionary work in the Ozark Mountains, and Mrs. Mae Friday Ashbrook of Cleveland, one of the pioneers of the Evangelical Women's Union, now president of one of the ten District Unions in North America. Leaders of the church, Dr. George Richards of Lancaster, Pa., the president of the newly united Evangelical and Reformed church, Dr. F. C. Klick, of St. Louis, the president of the Evangelical Synod of North America and Dr. Ivan Lee Holt of St. Louis the recent president of the Federal Council of churches in Christ will be some of the men who will address the convention. A luncheon in the Gold Room of the Jefferson Hotel is also one of the outstanding features of the program.

St. Louis being the birthplace of the Evangelical Group of this church offers many places of interest to the visitors. The beautiful Eden Seminary of the Church is located in a suburb. The Publishing House and Headquarters of the Church are in the heart of the city. A million dollar Deaconess hospital, the first orphan home (Evangelical Protestant) and an Old Cakes Home are all well equipped and well cared for. Caroline Mission in the heart of the slum area provides for thousands of dollars worth of Social Service work monthly to underprivileged families. The Emmaus Homes for the Epileptic and Feeble-minded at Eastmanville and St. Charles, Mo., are within a few hours ride from the convention city. These are supported and owned by the Evangelical constituency, which for a long time was the only denomination maintaining such an institution. A half days journey brings one into the heart of a great missionary enterprise in the Ozark mountains. The women of the church maintain a large part of this work, through their thank-offering. Special side trips are being planned to the latter two places of interest.

The Evangelical Women's Union is the official women's organization of the Evangelical Synod of North America, being so recognized in the Constitution of the church. It united the 1643 societies, with approximately 90,000 members, into federations and district unions locally, and into one organization nationally. Its plan is to provide education, inspiration and fellowship for all women of the church, and to bring each woman of the church into a consciousness of the challenges of greater Kingdom service. Its constituency works thru six departments of work, General Education, Missionary Education, Devotional Life, Christian Stewardship, Christian Citizenship and Social Welfare.

## ARLINGTON WINS PALATINE RELAYS AND TRACK MEET

Cardinals Nose Out Libertyville In Hot Finish.

Arlington Heights evenly balanced track squad won the fifth annual Palatine Relays and track meet Saturday in a nose finish with Libertyville. Arlington scored 52 points to 51½ for Libertyville. Geneva was third with 31½ points while Harlem of Rockford landed in fourth place with 25½ points which the little Rockford school gathered late in the meet. The meet was conducted in about the worst possible weather, a heavy morning rain having made the ground muddy for the field events and the track slow. The weather was raw and disagreeable and the spectators section was almost entirely confined to the squads from the competing schools. One record fell by the wayside when Richards of Arlington lowered the record in the high hurdles, running with a strong wind at his back. All other finishes were made against the wind.

Arlington and Libertyville staged a red hot battle for the lead all the way with first one team and then the other taking the lead as the results of the various events were announced.

The records in many of the events were surprising considering the conditions under which the meet was held and the promoters of the meet are encouraged by the number of teams who competed and by the quality of the competition.

## by turning on the steam to strike out Kehe.

Hedke Stars In Center  
Hedke played a nice game in center field for the Cards, nabbing three wind-blown flies with the ease and finesse of a veteran performer.

Welflin and Granzin each banged out two hits in five tries to lead the home hitters. Krupa of the victors had a perfect day at bat with three singles and a base on balls in three official trips to the plate.

Of the seven runs scored off of Kehe, but one was earned. Nine Niles batters went down via the strike out route.

Power in the track events... spelled an Arlington victory... and a handsome team trophy...

Despite a slow track... Arlington hurdles... clipped a second and a tenth off the Relays 120 yard high hurdles mark... Only an already too strenuous a day... kept Richards from adding the final event... the broad jump... to his laurels...

Quoting Gallery... Bensenville's star miler... three feet from the finish line in the mile run... in which he was beaten by Mills... Arlington... by that margin... "Gosh-Dinget!... Blankety-Blank! I'll get him in the next meet..."

Mills' victory... came as somewhat of a surprise... in the 11 feet.

fact that Gallery had taken him in a previous meeting...

Ray... Libertyville... proved himself to be peer of the high jumpers by taking his specialty with ease...

Wonder if the number of entries... thirteen... in the meet had anything to do with the weather being bad?

This year's victory made Arlington a two time winner... the first was in 1935... Not bad for an orphan team... in other words a team without a home track...

In a brief conversation with one of the conference coaches... "What does Arlington want a track for? They win all the meets anyway?"

Coaches McElroy... Palatine... Watson... Leyden... Johnson... Bensenville... and Superintendents... Undebruk... Libertyville... and Conger...

## ARLINGTON IS NOSED OUT IN CONF. OPENER

"Ole Lady Jinx" continued to dog the Cardinals as Ray Hayes' high school nine dropped its conference opener to Niles Township last Friday night, April 24, on the local park diamond, by a 7-6 score after playing an extra inning.

The visitors scored their first run in the second inning on a base on balls, an infield out and a single.

Arlington bounced right back in their half of the inning with three tallies. Pingel dribbled one through the third baseman's legs, then advanced to second when Lemke drew a pass. Both runners scored on Proebstle's drive to left field.

Proebstle taking second on the play to the plate. Welflin lined out a single to score Proebstle for the third run of the inning. Hedke rolled out to the short stop, forcing Welflin at second to end the inning.

Despite the fact that Kehe struck out the side in the third frame the Niles Centerns managed to wriggle through two runs on a walk, an infield error and a single.

Cards Threaten in 8th With one down in the 8th, Wulbecker hitting for Proebstle, reached first on a base on balls. Boyk caught Granzin's pop, holding Wulbecker at first. Welflin singled for his second hit of the afternoon, sending Wulbecker to third. Hedke drove out a double over the right fielder's head, scoring Wulbecker, but for some unaccountable reason Welflin, with the tying run, got side-tracked on third base. Clolac put an end to the Arlington rally.

by turning on the steam to strike out Kehe.

## Hedke Stars in Center

Hedke played a nice game in center field for the Cards, nabbing three wind-blown flies with the ease and finesse of a veteran performer. Welflin and Granzin each banged out two hits in five trips to lead the home hitters. Krupa of the victors had a perfect day at bat with three singles and a base on balls in three official trips to the plate.

Of the seven runs scored off of Kehe, but one was earned. Nine Niles batters went down via the strike out route.

A Muskeg  
The name muskeg is derived from the Indian and is widely used in Canada for the tussocky peat bogs which cover large areas north of latitude 55 degrees. The vegetation consists of peat moss, rushes and various aquatic plants, often inter- spersed with trees and shrubs. In summer the muskeg is mostly im- passable, but in winter it remains frozen for months, during which it is traversed by hunters and trap- pers.

## Red Wings In Action Sunday At Glen Ellyn

The Arlington Red Wings will open the 1937 baseball season against the strong Glen Ellyn team at Glen Ellyn on Sunday afternoon, May 2.

The local season will be opened by the Red Wings on Sunday, May 9, when the home team will meet the "Famous Chicago's" one of the crack semi-pro teams of Chicago on the new park diamond.

The Famous Chicago's got off to a flying start this season by taking the Strong Mills team into camp by a close score. The Red Wings have always given Arlington Heights fans a good team with plenty of excitement at their games.

With their home games being played at the new park this season, they will be able to take good care of the fans.

It is hoped that a goodly number of the team's followers will follow the team to Glen Ellyn to cheer them along on the season's opener.

The home opening next week against the Famous Chicago's should see a capacity turn out to see the first home game.

## CALVES RELISH NEW FLAKED FOOD

Rapid advances have been made in the knowledge of live stock feeding, but no single advance or discovery has been more welcome to the dairymen than the announcement of Ryde & Company of Chicago, that they had perfected a calf meal in FLAKE form that could be fed to calves DRY.

For years many dairymen have known that it was cheaper to raise calves on a good calf meal than to allow them to continue to consume their mother's milk—which can then be sold. However, some dairymen have found the mixing of a wet feed or gruel for calves both expensive and have looked for a dry feed that would answer the purpose just as well. Calf meal in FLAKE form seems to be the answer.

These FLAKES, which are available at all feed dealers, are fed to the calves dry—just as they come from the carton. The various ingredients going into this feed are steam cooked and sterilized to prevent the possibility of any infection and to render the feed more easily digestible—thus reducing the danger of digestive disturbances or scours. These FLAKES are an improvement over the hard pellet form of feed because they can be easily chewed and digested by the young calves. They have been thoroughly tested on large dairy farms and are meeting with hearty approval from calf raisers all over the country.

Ryde & Company, who have been manufacturing and dealing in live-stock feeds since 1912, have prepared a booklet called "Calf Husbandry" that tells very plainly and simply how to raise fine calves and they will gladly send one of these booklets upon request to their office at 5425 W. Roosevelt Rd., Chicago, Illinois.

## Karns Becomes Leading Man In "Clarence"

Roscoe Karns has arrived! The funny little man who entertained millions in dozens of pictures as a featured player and comedy interest, is now a leading man in his own right and the famous polka-dotted bow tie is in for even greater popularity than it enjoys.

Shared Previous Honors  
Karns made his first leading appearance in "Three Married Men," but shared honors with William Frawley and Lynne Overman. So enthusiastic was the reception of that comedy that Paramount immediately cast Karns in the title role of Booth Tarkington's comedy "Clarence," which will be shown Sunday and Monday at the Arlington Theatre.

As the man-of-all-work who akes it upon himself to straighten out the tangled love affairs of his employer's family, Karns is supported by Eleanor Whitney, Eugene Pallette, Johnny Downs, Charlotte Wynters, Spring Byington and others.

## RURAL SCHOOLS

ELK GROVE SCHOOL, DIST. 59

Grades 5 to 8

Thursday we had a baseball game with the Lutheran school. The score was 5 to 4 in their favor. We hope to win the next game we have with them.

Elmer Wolter has an injured knee and cannot come to school.

Robert Lagerhausen is at home with the mumps.

The fifth and eighth grades are making a product map of South America.

The seventh and eighth grades are making a desert scene of the life of the people in southwestern Asia.

We have been studying about birds. Elmer Wolter won a game we played by recognizing seventeen birds without seeing the names of them.

Last Friday we had a picture study. The name of the picture we studied was "Feeding Her Birds." We all wrote a story about it. They are on the bulletin board.

Robert Kroening and Mildred Schoo won first and second in the spelling contest for Elk Grove township. Mrs. Fosket took them to Chicago to enter the Cook County Spelling Contest on Saturday, April 24.

The Community club will have a dance at the school Saturday, May 22. The tickets are 35 cents.

Grades 1 to 4

The primary room held a candy sale on April 7. The receipts from the sale, \$1.14, were put into the club treasury.

The primary room has voted to buy four goldfish, for our new fish bowl.

We have just finished reading "The Land of Oz." The children drew many pictures of the characters in the story.

Last Friday was game day, several children brought their games to school and everyone played some kind of game.

We have had cocoons in our room for many weeks. Wednesday one of the children discovered a moth which was leaving the cocoon.

"Green Light" and "Holy Terror" At Des Plaines Theatre

Lloyd Douglas' sensational best selling novel comes to the screen of the Des Plaines Theatre Sunday with Errol Flynn, Anita Louise and Margaret Lindsay in the leading roles. On the same program impish Jane Withers scampers through her latest comedy hit, "The Holy Terror." This big double feature will be shown for three days.

The current double feature presents Victor McLaglen, Preston Foster and Ida Lupino in "Sea Devils," a thrilling action-packed story of the U. S. Coast Guard; and Kay Francis' new picture "Stolen Holiday" with Claude Rains and Ian Hunter.

## WE'RE HARD TO FIT—but

## the FORD V-8 suits us!

They say you can't have everything—but this new Ford V-8 says differently.

At the lowest Ford price in years, you can have the roominess and comfort possible only with an engine that's extra short, a springbase that's extra long, drivers' seats that adjust two ways.

And—you ride where riding comfort is at its best—amidships, between the axles.

You get brakes that stop with tremendous power—at the gentlest of toe pressure.

You get a car that's easy to steer, easy to park. Yet the way it hugs the road and cradles you over rough spots reminds you of great big cars, with great big price tags.

You get modern lines and sparkling colors, and up-to-the-minute "little things," too—battery under the engine hood, starter button on the dash and parking brake below it, big luggage compartments on all sedans.

And anywhere you go, you know you'll find good service at costs so low they're famous the world around.

No matter how hard you are to please or fit—no matter how much you expect for your money—here's the car to see FIRST. The QUALITY car in the low-price field.

## Red Wings In Action Sunday At Glen Ellyn

The Arlington Red Wings will open the 1937 baseball season against the strong Glen Ellyn team at Glen Ellyn on Sunday afternoon, May 2.

The local season will be opened by the Red Wings on Sunday, May 9, when the home team will meet the "Famous Chicago's" one of the crack semi-pro teams of Chicago on the new park diamond.

The Famous Chicago's got off to a flying start this season by taking the Strong Mills team into camp by a close score. The Red Wings have always given Arlington Heights fans a good team with plenty of excitement at their games.

With their home games being played at the new park this season, they will be able to take good care of the fans. It is hoped that a goodly number of the team followers will follow the team to Glen Ellyn to cheer them along on the season's opener. The home opening next week against the Famous Chicago's should see a capacity turn out to see the first home game.

## CALVES RELISH NEW FLAKED FOOD

Rapid advances have been made in the knowledge of live stock feeding, but no single advance or discovery has been more welcome to the dairymen than the announcement of Ryde & Company of Chicago, that they had perfected a calf meal in FLAKE form that could be fed to calves DRY.

For years many dairymen have known that it was cheaper to raise calves on a good calf meal than to allow them to continue to consume their mother's milk—which can then be sold. However, some dairy feeders have found the mixing of a wet feed or gruel for calves both-ersome and have looked for a dry feed that would answer the purpose just as well. Calf meal in FLAKE form seems to be the answer.

These FLAKES, which are available at all feed dealers, are fed to the calves dry—just as they come from the carton. The various ingredients going into this feed are steam cooked and sterilized to prevent the possibility of any infection and to render the feed more easily digestible—thus reducing the danger of digestive disturbances or scours. These FLAKES are an improvement over the hard pellet form of feed because they can be easily chewed and digested by the young calves. They have been thoroughly tested on large dairy farms and are meeting with nearly approval from calf raisers all over the country.

Ryde & Company, who have been manufacturing and dealing in live-stock feeds since 1912, have prepared a booklet called "Calf Husbandry" that tells very plainly and simply how to raise fine calves and they will gladly send one of these booklets upon request to their office at 5425 W. Roosevelt Rd., Chicago, Illinois.

## Karns Becomes Leading Man In "Clarence"

Roscoe Karns has arrived! The funny little man who entertained millions in dozens of pictures as a featured player and comedy interest, is now a leading man in his own right and the famous polka-dotted bow tie is in for even greater popularity than it enjoys. Shared Previous Honors

Karns made his first leading appearance in "Three Married Men," but shared honors with William Frawley and Lynne Overman. So enthusiastic was the reception of that comedy that Paramount immediately cast Karns in the title role of Booth Tarkington's comedy "Clarence," which will be shown Sunday and Monday at the Arlington Theatre.

As the man-of-all-work who takes it upon himself to straighten out the tangled love affairs of his employer's family, Karns is supported by Eleanor Whitney, Eugene Pallette, Johnny Downs, Charlotte Wynters, Spring Byington and others.

## New Floor Sanding Equipment For Rent At Webber Paint Co.

## RURAL SCHOOLS

ELK GROVE SCHOOL, DIST. 59

Grades 5 to 8

Thursday we had a baseball game with the Lutheran school. The score was 5 to 4 in their favor. We hope to win the next game we have with them.

Elmer Wolter has an injured knee and cannot come to school.

Robert Lagerhausen is at home with the mumps.

The fifth and eighth grades are making a product map of South America.

The seventh and eighth grades are making a desert scene of the life of the people in southwestern Asia.

We have been studying about birds. Elmer Wolter won a game we played by recognizing seventeen birds without seeing the names of them.

Last Friday we had a picture study. The name of the picture we studied was "Feeding Her Birds."

We all wrote a story about it. They are on the bulletin board.

Robert Kroening and Mildred Schoo won first and second in the spelling contest for Elk Grove township. Mrs. Fosket took them to Chicago to enter the Cook County Spelling Contest on Saturday, April 24.

The Community club will have a dance at the school Saturday, May 22. The tickets are 35 cents.

Grades 1 to 4

The primary room held a candy sale on April 7. The receipts from the sale, \$1.14, were put into the club treasury.

The primary room has voted to buy four goldfish, for our new fish bowl.

We have just finished reading "The Land of Oz." The children drew many pictures of the characters in the story.

Last Friday was game day, several children brought their games to school and everyone played some kind of game.

We have had cocoons in our room for many weeks. Wednesday one of the children discovered a moth which was leaving the cocoon.

"Green Light" and "Holy Terror" At Des Plaines Theatre

Lloyd Douglas' sensational best selling novel comes to the screen of the Des Plaines Theatre Sunday with Errol Flynn, Anita Louise and Margaret Lindsay in the leading roles. On the same program impish Jane Withers scampers through her latest comedy hit, "The Holy Terror." This big double feature will be shown for three days.

The current double feature presents Victor McLaglen, Preston Foster and Ida Lupino in "Sea Devils," a thrilling action-packed story of the U. S. Coast Guard; and Kay Francis' new picture "Stolen Holiday" with Claude Rains and Ian Hunter.
